A BOY'S BROTHER . . .

If the aims of education are to be fulfilled, students cannot be treated as fractions of a larger group; the teacher must know them and their problems. This ideal is especially realized in a Christian Brothers' school where there exists a feeling of confidence in one another, which, when coupled with the truths of the Catholic faith as a foundation for the future, instills a spirit of industry and cooperation on the part of both teacher and student. The Christian Brothers are skilled workers in the education of youth. They are truly boys' Brothers.

"The light that a man receives by counsel from another is purer than that which comes from his own understanding and judgment."

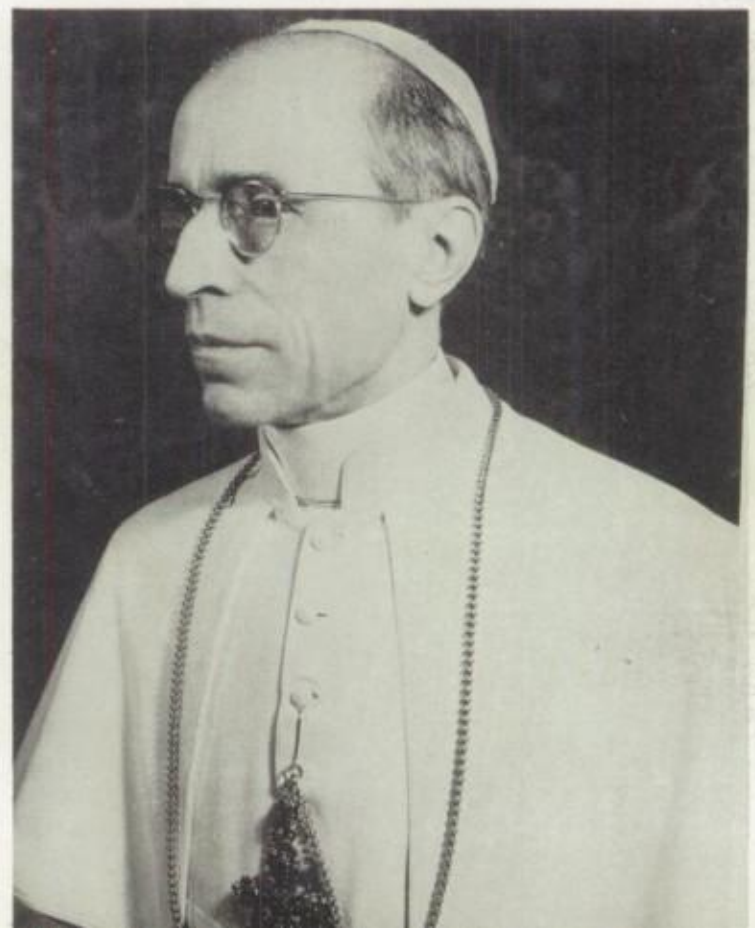

"Of Friendship" — Francis Bacon

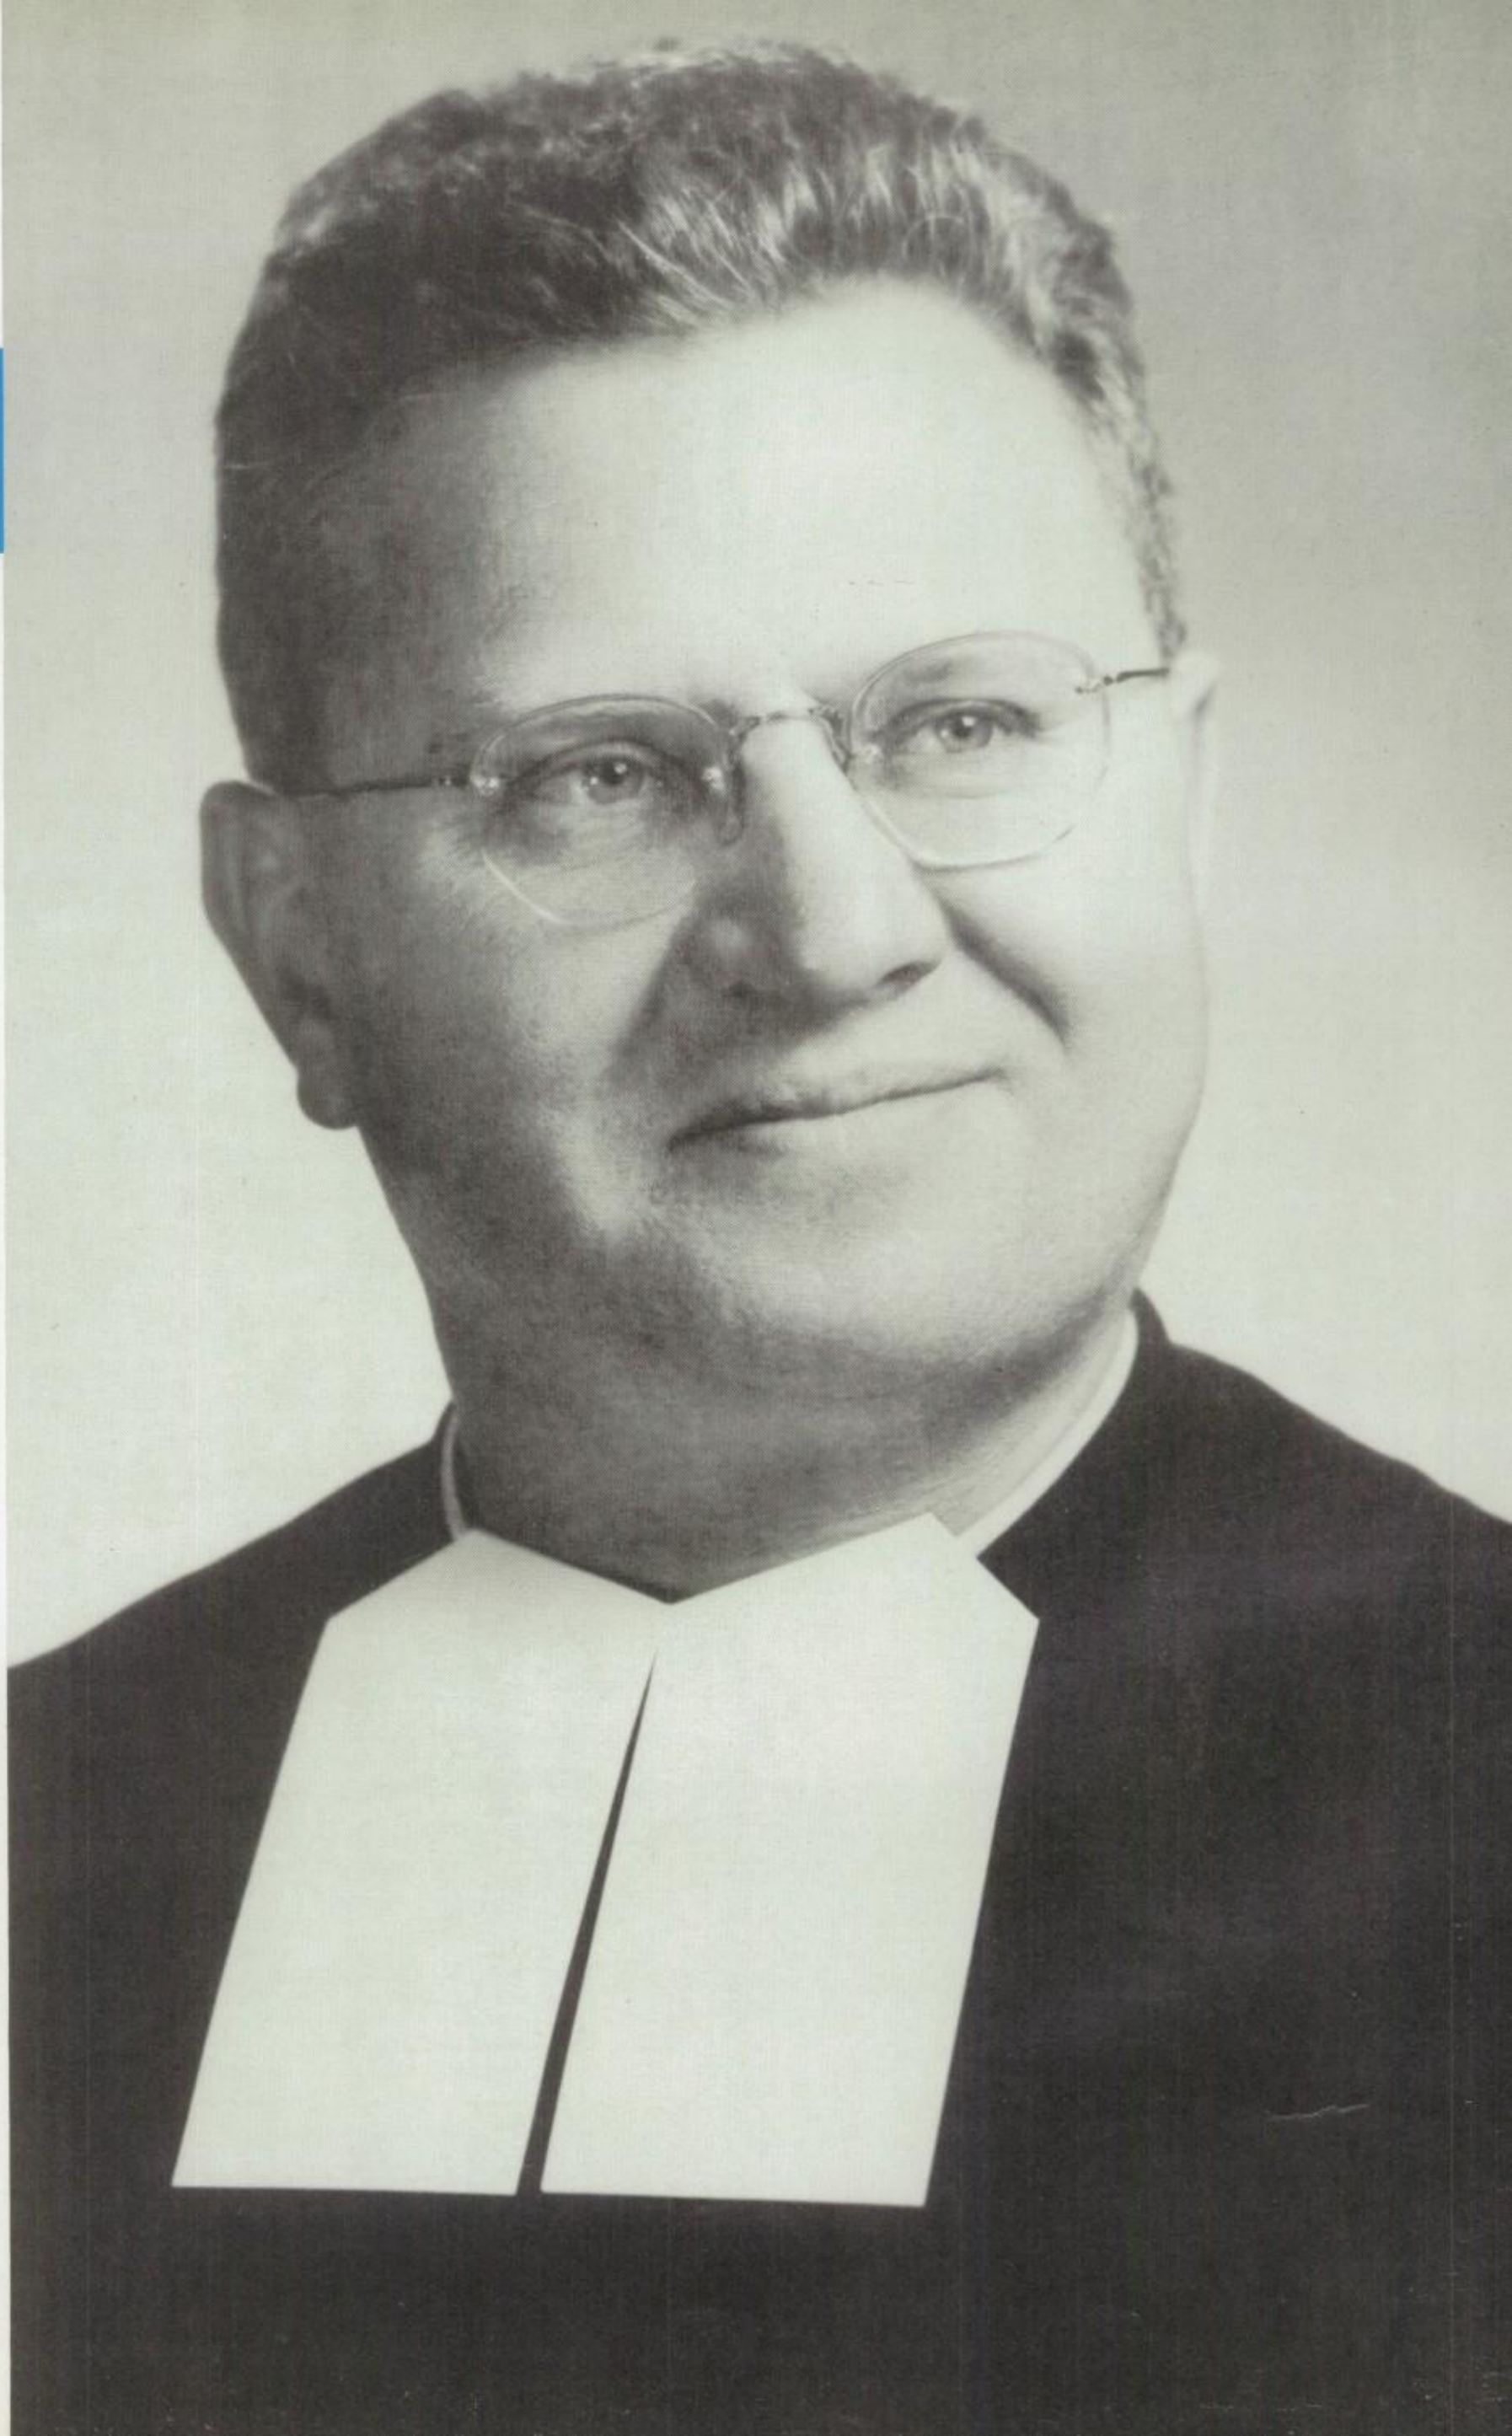

"Christian education takes in the whole aggregate of human life, physical and spiritual, intellectual and moral, individual and social, not with a view of reducing it in any way, but in order to elevate, regulate and perfect it, in accordance with the example and teaching of Christ."

Christian Education of Youth —
Papal Encyclical

DEDICATION . . .

25

As products of a Christian Brothers' education, we are often referred to as "Brothers' boys". Few Brothers, however, deserve the title of a "Boy's Brother" as much as Brother H. Edward — the man to whom we humbly dedicate this annual.

Brother Edward, in all of his twenty-five years as a Brother, has found something rich and rewarding in the education of young men. For this reason, his life has been dedicated to the leaders of tomorrow — the Christian youth.

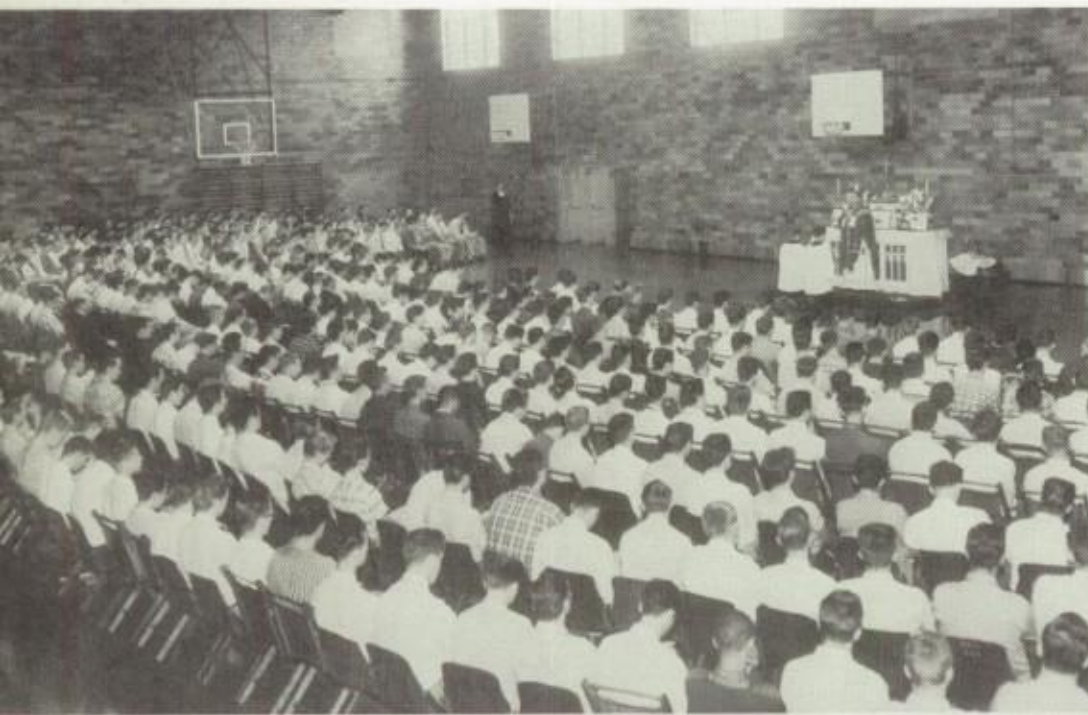

His interest in basketball has paved the way into the hearts of many boys. Once you have "dunked buckets" with this exemplary Brother, you realize you have found a man you can trust and have confidence in, a man who is always willing to help you out — you have found a personal friend.

Brother Edward has made a lasting impression on all of us. We think there is something special about him that is the cause of the impression he makes. His rare understanding that students are "alive" is the motivating factor of his bubbling, effervescent quality of jollity and fellowship. Whether the question is "What is the Hanseatic League?" or "Brother, did you make that hook shot?" his answer is always permeated with his jovial and sincere spirit of comradeship.

In living a life of service and leadership in physical, mental and moral education, Brother Edward is truly the edifying model of "a boy's Brother."

FACULTY

Brother Theodore
Director

Brother Theodore, as the Director, is the religious superior of the school. He is the man who is responsible for De La Salle to both religious and civil authorities. His administrative duties include expenditures, interviews with Brothers and professors, selecting the faculty, making extra-curricular appointments, and, in general, directing the spiritual and temporal policies of the school. Brother Theodore also advises the principal of administrative policies of the school.

ADMINISTRATION . . .

Brother Ferdinand
Principal

Being the principal of a high school the size of De La Salle would provide enough work to sustain a bureau, but Brother Ferdinand capably undertakes this task by himself. As immediate administrative head of the school, he plans such work of the school year as registration, scheduling, confessions, college day, testing programs, and acceptance and dismissal of students from the school.

Brother Anselm
Assistant Principal

Nine months ago, Brother Anselm stepped in and "took over" the job of Assistant Principal. Since then he has characterized himself as a man who can get "tough" when the need calls for it, and smile when the situation is humorous. Our dean of discipline has won the respect and admiration of all "D" students.

Brother Vincent
Guidance Director

Brother Vincent is our genial Guidance Director. This mild-mannered gentleman has played an important part in the building of our characters—both by his friendly advice and his exemplary life. He has helped us form worthwhile opinions which will endure for a lifetime.

Last Will and Testament

Be it hereby resolved, that we, the 1957 senior class of De La Salle High School, being of sound mind, do voluntarily bequeath the following to the party of the second part, namely, the underclassmen of the above institution:

We do hereby solemnly declare that the party of the second part shall be solely entrusted with the responsibility of keeping at the highest possible level the aggregate school spirit; to them falls the task of keeping the name of De La Salle in high regard, as it has always been.

To the party of the second part is given the rights and duties, joys and hardships, of the party of the first part; they must dedicate themselves with all of their energy to secure for themselves a genuine Christian education if what has been heretofore attested is to be recognized as valid.

This document composed and approved by the seniors of De La Salle High School, also attests to the following: that the party of the second part, the underclassmen, are the sole heirs of leadership in the school; being so bound, they must make use of same to better both themselves and the school; they shall conduct themselves with the same decorum and obedience as have all the classes before them

Therefore, as the seniors of De La Salle High School, we do consent with full authority to the above concessions. We likewise do hereby solemnly bestow upon the said underclassman our best wishes for a successful future, both as students and as the future Catholic citizens of our great land.

MEMO--

to Joe D!

As a freshman four years ago, Joe, you were a flyweight! Eager and ambitious -- but small and weak. De La Salle has fed and trained you. Today, as you leave us, you are a heavyweight. Are you going to "throw your weight around"?

Joe D of 1957, you will soon be in a college classroom - a Marine platoon - a union local - or a business office. As a Brothers' Boy, you know what is right. Do it! Get others to do the same. You will be challenged, Joe, but be fearless: God is with you!

Your task is clear: make your part of the world as Christ wants it to be. Your teachers will be watching and praying that you may succeed - Joe D!
